## How it works:

- You contact us.
- We visit you
- We submit a quote either for a DIY or for us to do the project
- You approve and we either drop off the unit or come prepared to do the job for you.

All spray guns, nozzles cable, fluids, degreaser, fuel and tools included in the quote.

Operating on south Florida, striving to give top quality products/services constantly

## Q&A

**Q: Can I rent the product?**

**A: Yes you can, hourly, daily, weekly or monthly rentals possible**

**Q: Do you drop off the unit when rented?**

**A: Yes**

**Q: Who disposes the waste fluids?**

**A: we can do it when we pick up the unit or you can if you have an EPA approved disposal plan**

**Q: is there any setting up required?**

**A; only to attach hoses needed for your project, unit is ready to use upon delivery.**

**Q: do you offer contract labor services?**

**A: Yes if you don't want to DIY we can have a team member do the job for you.**

**What are your rates?**

**A: rates vary on scope of work, duration & square footage/waste disposal. An initial visit to service site is required prior to rental.**

**The unit is safe and easy to operate.**
